The Sports School aims to

- ◆ Give all children the chance to try out basically any sport there is, without it costing a lot of money. This will make it easier for the children to find their favourite sport.
- ◆ Accept all children, regardless of background.
- ◆ Give all children the all-round practice required as a basis for becoming truly good at any sport.
- ◆ Give children 45 minutes a week filled with joy of movement, play, togetherness and positive experiences.
